

Arno Curschellas

Partner

Civil Engineer and Real Estate Economist
Dipl. Bauing. FH / MAS REM

After completing a civil engineering apprenticeship, Arno Curschellas completed a civil engineering degree at the HSR in Rapperswil (Diploma 1994) and postgraduate degree in business administration at the HTW in Chur (graduation 1997) as well as a MAS in Real Estate Management at the FHS in St. Gallen (graduation 2005).

As a civil engineer, he occupied the position of director within the engineering and laboratory office of Dr. H. Halter and F. Steiger. He managed the branches in Chur and later in Pontresina (1994 - 2001).

From 2001 to 2002, Arno Curschellas worked as a construction manager and project engineer at HMQ AG.

In 2002, Arno Curschellas was appointed deputy district manager of the valuation office in Graubünden. Within the Department of Special Valuations he was responsible for the valuation of non-agricultural and special real estate properties.

From 2007 to 2018, Arno Curschellas worked at Credit Suisse AG in the eastern region as an expert for real estate valuations, which he headed between 2013 and 2018.

Since 2007 he lectures at the Swiss Institute of Real Estate Appraisal (SIREA) on real estate valuations and special properties.

In 2017, Arno Curschellas joined to the Advisory Board for the MAS in Real Estate Management at the University of Applied Sciences in St.Gallen.

Since January 2019, he has been working at Fahrländer Partner Raumentwicklung as a partner.
