

Fabio Blasi

Software Engineer

Application developer EFZ

Between 2002 and 2005, Fabio Blasi completed the IMS (Informatikmittelschule) at the Kantonsschule Enge in Zurich and obtained a federal certificate of proficiency in the field of application development.

After graduating from the IMS, he worked for various companies as a software developer and architect.

Between 2014 and 2022, he focused on cloud technologies at ARGUS DATA INSIGHTS Schweiz AG and ANT Informatik AG and drives the technological change of the companies.

He works at Fahrländer Partner Raumentwicklung since April 2023.
