

Rainer Marti

Managing Partner

Urban Planner
MSc ETH

Between 2003 and 2006, Rainer Marti studied geography at the University of Bern and the Université de Genève, focusing on economic and urban geography. Beginning in 2008, he took up studies in spatial development and infrastructure systems at the ETH Zurich, which he completed in January 2011 with the title Master of Science (MSc RE & IS).

At the same time, he completed various internships in the area of real estate research & marketing at the full-service general contractor Losinger Marazzi AG.

After his graduation, he began his employment with Losinger Marazzi AG in the area of acquisitions and development. Until December 2016, he has been working on various large-scale projects in the Bern, Basel and Lucerne areas, specializing in site and project development.

Between 2016 and 2017 he completes the CAS in Real Estate Finance at the Swiss Finance Institute in Horgen.

Since January 2017, Rainer Marti has been working with Fahrländer Partner Raumentwicklung. He has been a partner since 2019, a member of the Executive Board and Managing Partner since 2021.
